

Singapore Test Lab Pte Ltd

Tested. Inspected. Certified.

Your Trusted Partner in Quality & Compliance

At Singapore Test Lab Pte Ltd, we help businesses move forward with confidence. Through comprehensive **Testing, Inspection and Certification (TIC)** services, we ensure your products, materials, and systems meet the highest standards of safety, performance, and regulatory compliance.

TESTED

Our advanced laboratory provides analytical and performance testing, including:

- Mechanical & Material Testing
- Chemical & Biological Testing
- Construction Materials Testing
- Consumer Product Evaluation
- Building Materials Testing

With state-of-the-art equipment and experienced professionals, we deliver accurate results with fast turnaround times.

INSPECTED

Our inspection services ensure compliance with regulatory and industry requirements:

- On-site Safety Inspections
- Factory Audits
- Site Assessments
- Equipment & Safety Evaluations

We help minimize risk, prevent costly delays, and safeguard your reputation.

CERTIFIED

We support certification to stipulated standards and regulatory frameworks, including:

- Product Certification of Conformity
- Water Efficiency Labelling Scheme (WELS)
- Fire Safety Product Scheme (FSPS)
- Personal Protective Equipment Scheme (PPES)

Our transparent processes guide you smoothly toward compliance and market entry.
