

WELS Certification Services You Can Rely On

If your products are listed under the Water Efficiency Labelling Scheme (WELS), meeting the required compliance standards is essential for market approval in Singapore.

At **Singapore Test Lab Pte Ltd (STL)**, we support companies with **reliable testing services and guidance throughout the certification process**, helping you meet WELS requirements with confidence and efficiency.

What We Offer:

- ✓ Experience across a range of water fittings
- ✓ Testing support aligned with WELS requirements
- ✓ Support for certification submissions and documentation
- ✓ Timely and accurate reporting

Why Work With STL:

Experienced professionals. Dependable support. Clear processes. Fast turnaround.
